Every newspaper reader now knows the facts about this most extraordinary sale; how HECHT & MORRIS, an established and reliable firm of 30 years' standing, struggled hard during the recent severe business depression but were finally carried under; how the stock was secured by the largest jobbers in the world and sold to us in one lump for cash—about one-quarter the cash we would have to pay if precisely the same goods were bought under ordinary circumstances. Last week we began a Great Sale of these goods and the results have been remarkable. More than Half a Million separate transactions in a single week! Some for two, five, ten, twenty items! Never before were such crowds seen at any sale in New York, simply because never before were such values offered at any sale in New York.

THIS WEEK WILL BE GREATER.
 For this week we have again increased our force of salespeople, more wagons have been added to our delivery system, and we can now promise better service in every direction. Note carefully the items and then ask yourself if you ever knew such goods to be so cheap!

Furniture.
 All Our Furniture has been marked down to the lowest scale of prices ever known in New York. This is not merely our own opinion, but the statement of crowds of shoppers who have compared our prices with those that prevail elsewhere. In addition to these special and very notable reductions we now offer a uniform cash discount of 12 per cent. on every article bought in our Furniture Department this week. These are sample prices, but remember there is an extra 12 per cent. off.
